## 1. Product Introduction

### Elegant Style of Urban Yuppies

To manifest the elegant style of urban yuppies, the surface of AH128 is finished in metallic hairline matte, and embellished using three sophisticated colors: Burgundy Red, Titanium Silver, and Ocean Blue. AH128 is adorned with black frame and a diamond-patterned leather-textured strap in the same color tone, which are chained by a gorgeously-designed buckle made of zinc alloy. The overall look has contributed to the solemnity and gentlemanship as depicted by AH128!

AH128's inner design is not second to the outstanding look. The smoothly- retractable structure enables one-hand operation on the stick, which can avoid losing the cap for more convenient use. The advanced COB technology endows AH128 with an ultra-compact and robust body having practical dust and water resistant features, for users to protect the precious digital data. AH128, available in capacities from 4GB to 16GB, is exclusively supplied with ACE compression software that can effectively compress the stored data to boost the capacity by 500% at maximum. Digital access becomes more convenient than ever!

## 2. Features

- USB 2.0 Hi-Speed interface
- Ultra slim and compact
- Easy plug & play
- Retractable USB drive
- Three sophisticated colors: Burgundy Red, Titanium Silver, and Ocean Blue
- With a diamond patterned, leather-textured strap
- Adopts COB packaging technology, featuring waterproof, dustproof and shockproof function

## 3. Specifications

Specifications	
Interface	High-speed USB 2.0 certified, backwards compatible with USB 1.1
Power supply	USB bus powered No external power required
Operating Systems Supported	Windows XP/2000/Vista, Mac OS 8.6 and Linux 2.4.0 or above
Capacity	4GB~ 16GB
Operating Temperature	0° C to +60° C (32° F to 140° F)
Storage Temperature	-20° C to +60° C (-4° F to +140° F)
Dimensions	(L)32.85 x (W)17x (H)5.5 mm (L)100.6 x (W)17x (H)5.5 mm (Accessory Included)
Weight	6g
Certificates	CE, FCC, BSMI, C-Tick
